

Prepare for a Surge in the China Semiconductor Industry

SEMICON China, SOLARCON China and FPD China will be held together again in 2011 to form a mega industry flagship event. These events offer the top level of technology and market opportunities in the semiconductor, PV and display industries, and provides a cross-industry platform for China's rapidly expanding "microelectronics industry".

China continues to have higher growth rate among all the key microelectronic markets in the world. It is regarded around the world as one of the most important strategic markets.

Plan Now to Exhibit at SEMICON China 2011!

Technology Segments and Theme Pavilions

Technology Segments—Covering the Entire Semiconductor Manufacturing Chain

- Test, Assembly and Packaging—Materials
- Test, Assembly and Packaging—Equipment
- Wafer Processing and Fab Facilities—Equipment
- Wafer Processing—Materials
- Sub-Systems, Components, Indirect Materials and Parts

Theme Pavilions—Serving Current China Market Needs

- Used IC Fab Line Market and Eco-System Pavilion
- IC Applications of the China Market Pavilion
- LED Manufacturing Pavilion

Booth Cost

	SEMI Member	Non-Member
Decorated Space (3m x 3m = 9sqm)	USD 520.00 per sqm	USD 675.00 per sqm
Raw Space (3m x 3m = 9sqm)	USD 470.00 per sqm	USD 605.00 per sqm

Concurrent Event

SOLARCON[®]
China2011

FPD China2011

Concurrent Programs

China Semiconductor Technology International Conference (CSTIC 2011)

CSTIC 2011 is a world-class technical conference that covers all the aspects of semiconductor technology and manufacturing. It is organized by SEMI and ECS and co-organized by the China High-Tech Expert Committee (CHTEC). This event is held in conjunction with SEMICON China.

The 7th China SoG Silicon and PV Power Conference (7th CSPV)

China's most prominent solar energy conference. Leaders of the global photovoltaic industry come to exchange information on the latest PV technologies. This event is held in conjunction with SOLARCON China.

2011 China FPD Conference

This prestigious technical conference is designed specifically for the growing display industry in China. This event is held in conjunction with FPD China.
