

**EXPAND YOUR BUSINESS
WORLDWIDE**

SEMI Global Expositions provide unlimited access to the people, products, and technologies that move microelectronics, advance innovation, and grow business worldwide. No other marketing channel delivers more value for your investment than SEMI expositions.

With events in every major microelectronics manufacturing region around the world, SEMI can help you explore new markets, expand your business, and connect you to real buyers and opportunities.

SEMI GLOBAL EXPOSITIONS GIVE YOU

- Access to buyers in every major microelectronics market around the world
- Business opportunities in multiple industries and new markets
- Speaking opportunities that increase your visibility and allow you to demonstrate your technology leadership
- World-class event management and professional service
- Buyer engagement programs, including Supplier Search, that directly connect suppliers and customers
- Networking opportunities that allow you to engage buyers, partners, and the people who can grow your business
- Advertising and sponsorship opportunities that extend your reach and expand your brand

Explore opportunity without limits. Exhibit with SEMI.

NOTHING BEATS THE POWER OF FACE-TO-FACE COMMUNICATION

A recent study by the Center for Exhibition Research (CEIR) found that approximately 80% of exhibition attendees rank face-to-face interaction with current or potential vendors as very or extremely important in the performance of their jobs. The same study also revealed that attendees value exhibitions almost two-to-one over other forms of face-to-face contact with vendors.

90% of SEMI exposition attendees would attend again in the future

50% of attendees say that SEMI expositions are the only trade events they attend all year.

65% of SEMI exposition visitors say that their attendance at the shows influences their purchasing decisions over the following year

SUPPLIER SEARCH: CONNECTING YOU TO CUSTOMERS FACE-TO-FACE

Offered at select SEMI expositions, the Supplier Search buyer program gives SEMI member exhibitors exclusive access to opportunities to connect directly to key buyers and customers.

IDMs, foundries, and OEMs use Supplier Search to identify potential partners who can address specific technology challenges and needs. Through one-on-one meetings, selected exhibitors gain the opportunity to meet directly with their customers and demonstrate their technology and business excellence.

Participating companies have included:

- ASE
- Intel
- GLOBALFOUNDRIES
- Panasonic
- Renesas
- Samsung
- Texas Instruments
- Toshiba
- TSMC
- UMC

SEMICON events attract the biggest and brightest names in the global microelectronics industry, bringing you face-to-face with visionary leaders and key decision-makers.

SEMI GLOBAL EXPOSITIONS

Around the world, SEMI expositions are recognized as the leading trade and technology events for advanced microelectronics manufacturing. **Each year, SEMI expositions reach more than a quarter million people around the world**, including designers, engineers, researchers, fab managers, executives, and buying teams in every major microelectronics manufacturing region.

SEMICON AND BEYOND

In addition to the eight SEMICON events held worldwide, SEMI also organizes and supports scores of events worldwide, including expositions, executive conferences, technical symposia, and regional networking events covering multiple industries:

- LED/Solid State Lighting
- Flat Panel Displays (FPD)
- Solar/PV
- Plastic/Organic Electronics

MARKETS REPRESENTED

Semiconductors
LEDs/Solid State Lighting
MEMS
Printed/Organic Electronics
Nano-electronics
Flat Panel Display (FPD)
Photovoltaics/PV

SAMPLE PRODUCT CATEGORIES

MANUFACTURING EQUIPMENT

Front-end Manufacturing Equipment
Thin Film Manufacturing Equipment
Test Equipment
Assembly and Packaging Equipment
Inspection & Measurement/Metrology

MATERIALS

Wafers and Substrates
Process Materials
Chemicals & Solids
Gases
Test Materials
Assembly & Packaging Materials

SOFTWARE, OTHER PRODUCTS & SERVICES

Sub-Systems
Components Parts & Accessories
Factory Control Automation/Facilities
Support Products (includes consumables)
Secondary Equipment and Services
Software - Manufacturing /
Factory Automation
Software - Electronic Design (EDA) /
Silicon Intellectual Property (IP)
Manufacturing Services/ Consulting
Business Services/ Consulting

BEYOND THE BOOTH: ADVERTISING AND SPONSORSHIP

Beyond the booth, SEMI offers exhibitors many ways to engage customers before, during, and after each event. Through advertising and sponsorship opportunities, you can showcase your brand in front of thousands of visitors, build awareness for your products and services, and generate more traffic to your exhibit.

Visit www.semiexpos.org for more information on available advertising and sponsorship opportunities.

GLOBAL EXPLORER PROGRAM

The SEMI Global Explorer Program rewards SEMI member exhibitors while helping you expand your reach to new markets. First-time member exhibitors who exhibit in at least one additional SEMICON event within 12 months can receive a 25% discount for each new show added. Learn more at www.semiexpos.org

BENEFITS OF EXHIBITING

There's more to your exhibition opportunity than just your exhibit. SEMI gives you access to additional products, services, and opportunities, many at no additional charge. Utilize these services to connect with your customers, promote your presence at the show, and grow your business:

- Access to exclusive marketing promotion and advertising opportunities
- International trade media exposure
- Meeting rooms — preferred and exclusive access to customer meeting space
- Networking opportunities and match-making programs — engage your customers and partners face-to-face
- Complimentary listing in the show Event Directory (print and online)
- Online Directory — Maximize your online directory listing to showcase your products, services, and other offers before, during, and after the show
- Service Discounts — Many SEMI expositions offer discounts on material handling for equipment
- Negotiated Hotel Rates
- Priority Points — SEMI members earn points good towards improving space selection at future SEMI expositions

Services vary by event. Please consult each event website for a complete listing of available benefits.

ABOUT SEMI

SEMI is the global industry association serving the manufacturing supply chain for the micro- and nano-electronics industries, including semiconductors, photovoltaics, LED, plastic/printed/organic electronics, MEMS, flat panel display (FPD), and related markets.

For more than 40 years, SEMI has served its members and the industries it represents through programs, initiatives, and actions designed to advance business and market growth worldwide. SEMI supports its members through a global network of offices, activities, and events in every major electronics manufacturing region around the world.

SEMI: NOT-FOR-PROFIT

Our stakeholders are our members, not shareholders. As a not-for-profit industry organization, SEMI reinvests its revenues in programs and services that support industry and market growth, including standards development, market research, workforce development, EHS programs, and public policy advocacy. For more information, visit www.semi.org/membership.

GET MORE WITH THE POWER OF SEMI MEMBERSHIP

Exhibitors gain much more by being a SEMI member. In addition to significant discounts on exhibit space, services, advertising, and sponsorships, SEMI members have access to exclusive benefits and opportunities, including priority points that gain you priority for exhibit space selection.

Beyond the show, SEMI members have access to even more benefits, services, and opportunities, including participation on technical committees and special interest groups, discounts on market data products, and discounts on business and technical conference registration. Visit www.semi.org/membership for more information or contact your local SEMI sales representative.
