Powering Vietnam's Semiconductor Ambition

November 7-8, 2025 | VinPalace Co Loa, Hanoi, Vietnam

## POST SHOW REPORT

SEMIEXPO Vietnam 2025 convened government leaders, global semiconductor executives, technology innovators, and academic partners for two days of strategic dialogue and ecosystem collaboration. The event was graced by H.E. Mr. Nguyen Chi Dung, Deputy Prime Minister of the Socialist Republic of Vietnam, whose presence underscored the government's strong commitment to advancing Vietnam's semiconductor ambitions.

Across keynotes, panels, and networking sessions, participants explored critical priorities including chain development, AI-driven manufacturing, workforce readiness, and sustainable energy—reinforcing Vietnam's growing position as a regional high-tech and semiconductor innovation hub.

Supported by the Vietnam National Innovation Center (NIC), and a strong support of industry partners, the event underscored its role as a leading platform bridging policy, industry and technology to advance a resilient and competitive semiconductor ecosystem.

### Key Figures

Featured **120** Booths by  
**80** Exhibiting Companies

**5** Buyers Participation across  
**25** Suppliers Sourcing Programs  
Sessions

**13** Golf Flights

Over **2500** Local &  
International Delegates  
from **20** Regions

More than **300**  
Workforce Development  
students from **8**  
Universities

**3** MOUs Inked &  
**7** Industry Award  
Recognitions

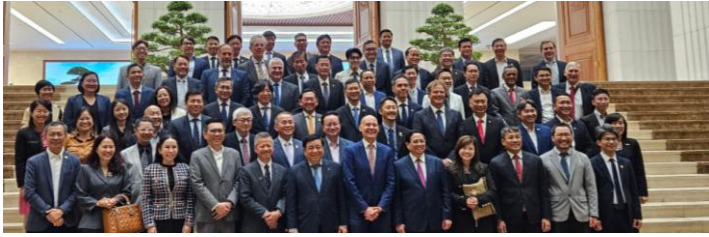

### Top 20 Visiting Companies

- Asia Fixwell Tech
- CADFEM Vietnam
- Coherent
- Daifuku
- DISCO Hi-Tec
- GMV Materials
- Hangzhou Sizone Electronic Technology
- KLA Corporation
- Lam Research
- Letuin Vietnam
- Mircon Technology
- QES
- Qorvo
- Shanghai Gentech
- Specmax Technologies
- Tektronix Southeast Asia
- Tokyo Electron
- Turner Vietnam
- Vietbay Technology
- Viettel Semiconductor Center / Viettel Group

## POST SHOW REPORT

### Prime Minister Dialogue

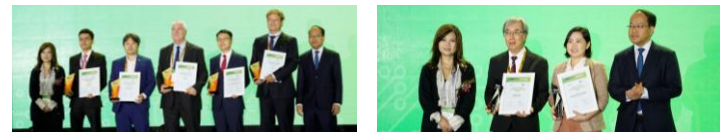

Hosted by Vietnam's Prime Minister and Deputy Prime Minister, the dialogue fostered meaningful discussions with SEMI delegation on policy frameworks, energy sustainability, and talent development—reinforcing shared commitments to advancing the nation's semiconductor ecosystem.

### Conferences

Keynote speakers across Day 1 and Day 2 shared strategic perspectives on Vietnam's semiconductor landscape, highlighting priorities in sustainable energy, AI-enabled manufacturing, and ecosystem development.

### Recognition Awards

The program recognized companies and institutions driving Vietnam's semiconductor advancement through strategic investment, technology transfer, talent development, and ecosystem strengthening.

#### Vietnam Semiconductor Distinguished Industry Awards 2025

- Amkor Technology Vietnam
- BE Semiconductor Industries (BESI)
- Coherent
- Marvell Technology Vietnam
- FPT Semiconductor
- Hyphen Deux

#### Special Talent Development Award 2025

- Cadence Design Systems
- Taiwan Tech

### MOU Exchange Ceremony

Three MOUs were exchanged between NIC and SEMI Southeast Asia, MUFG, and Tektronix, marking a key milestone in strengthening collaboration, accelerating innovation, and advancing investment in Vietnam's semiconductor ecosystem.

### Suppliers Sourcing Program

The program equipped suppliers with essential insights into market and industry requirements and enabled targeted one-on-one business meetings with potential buyers from Besi, KLA, and Lam Research.

### Exhibition

#### Notable Exhibiting Companies

- |   |   |
|---|---|
| • Becamex IDC Corporation                           | • KLA Corporation                       |
| • Cadence Design Systems                            | • Lam Research                          |
| • Carl Zeiss  | • Micron Memory                         |
| • Coherent  | • MUFG (Mitsubishi UFJ Financial Group) |
| • Dassault Systèmes                                 | • QES Asia                              |
| • Deep C Management                                 | • Qorvo                                 |
| • Disco Hi-Tec                                      | • Siemens EDA                           |
| • Evatec SEA  | • Tektronix SEA                         |
| • FPT Semiconductor                                 | • Tokyo Electron Limited (TEL)          |
| • Hanoi University of Science and Technology (HUST) | • Viettel Semiconductor Center          |
| • HCLTech   |   |

## POST SHOW REPORT

### TECH Zoomers Bootcamp | TalentCONNECT

The TECH Zoomers Bootcamp welcomed 79 students from eight universities for an immersive introduction to the semiconductor industry, featuring expert-led sessions on emerging technologies, workforce readiness, Flash Mentoring, and the SEMI U Challenge.

TalentCONNECT brought together students, young professionals, educators, and industry leaders to explore career pathways within Vietnam's semiconductor sector. The program featured discussions on IC design, AIoT, and smart manufacturing, and concluded with industrial visits to Amkor Technologies and Luxshare ICT to provide participants with practical, on-site exposure.

Industrial Visit to Amkor Technologies

Industrial Visit to Luxshare ICT

### Golf@SEMIEXPO Vietnam

Over 50 senior executives and business leaders gathered for networking and friendly competition, setting the tone for two days of collaboration.

### Welcome Reception for International Delegates

Held prior to SEMIEXPO Vietnam 2025, the reception gathered over 140 international delegates for an evening of networking and connection.

### Industry Networking Night

The largest in recent years, the event welcomed 231 industry leaders for an evening of strategic networking and collaboration.
