

SEMI GLOBAL UPDATE

March 24, 2026

What's New at SEMI

Public Policy and Global Advocacy
SEMI Hosts House Semiconductor Caucus Event on Capitol Hill

Leaders from semiconductor materials companies joined SEMI to discuss supply chain and critical material challenges, tax/domestic incentives, and more.

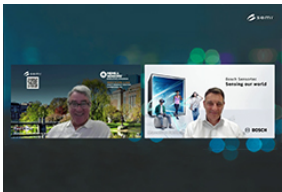

SOI Technology
CEA-Leti and the SEMI SOI Industry Consortium: Pioneering a Future-Ready SOI Ecosystem

Discover how SOI technology is enabling real-time edge AI and the next generation of sustainable, high-performance devices.

Quality
Collaborating to Advance Quality: SEMI Quality Benchmark Consortium (QBC) Meets at Micron

SEMI QBC members held in-depth discussions focused on strengthening quality management amid increasing complexity in semiconductor technologies.

MEMS & Sensors
LinkedIn Live Replay: Engineering Sensors with Purpose

Learn about sensor innovations from Marcellino Gemelli of Bosch Sensortec, inventor of barometric pressure sensors used in modern smartphones.

Awards and Recognition
Congratulations to SEMI's Sandy Chapin – Trade Show News Network's 50 Over 50 Honoree

SEMI is grateful for Sandy's vision and leadership in executing impactful events that foster innovation and collaboration across the semiconductor ecosystem.
