

SEMI GLOBAL UPDATE

September 29, 2026

What's New at SEMI

Energy and Sustainability

GES Taiwan 2026 Executive Summit on Energy and Sustainability: From Initiation to Activation

180 senior executives and government officials gathered to activate Taiwan's pivotal role in promoting sustainable manufacturing to power AI growth.

Energy and Sustainability

Finalists for SEMI Startups for Sustainable Semiconductors to Pitch at SEMICON West 2026

The S3 program's experienced corporate VCs will coach 12 finalists on pitching their innovative technologies to optimize semiconductor manufacturing.

Smart Manufacturing

Collaborating to Advance Semiconductor Quality: SEMI Quality Benchmark Consortium Meets at TI

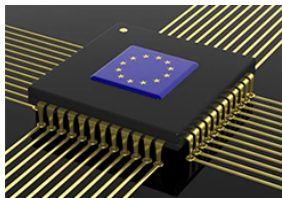

The meetings gather quality leaders from across the semiconductor industry to benchmark best practices and address common manufacturing challenges.

Workforce Development

Building the Next Generation of Semiconductor Talent with SEMI Global Schools Academy

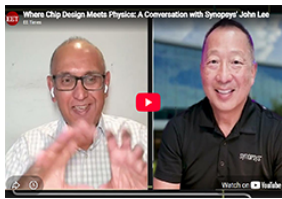

The SEMI Foundation's five-day learning experience for students from Taiwan and the U.S. connected sustainability, tech and semiconductor careers.

Workforce Development

Bratislava Forum Gathers Educators, Industry, and Policymakers to Advance Semiconductor Talent in Europe

The forum explored how collaboration between academic institutions and employers can open the semiconductor sector to a broader talent pool.

SEMI-Related

EE Times: Where Chip Design Meets Physics: A Conversation with Synopsys' John Lee

The ESD Alliance member explains how integrating multi-physics analysis early in design flows enables improved productivity and more optimized silicon.

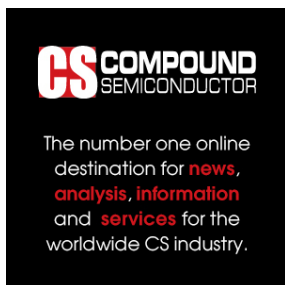

Upcoming Events/Webinars

- | | |
|-----------|--|
| Oct 12-14 | SEMI Semiconductor Process Technology Training 2026 (Second Half)
Suwon, South Korea Korean Standard Time |
| Oct 13 | Smart Manufacturing Fireside Chat
Virtual Central European Time |
| Oct 13-15 | SEMICON West 2026
San Francisco, California Pacific Daylight Time |
