

SEMI GLOBAL UPDATE

October 6, 2026

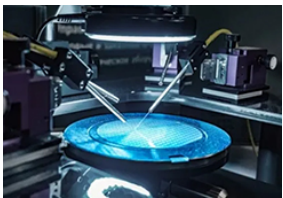

What's New at SEMI

Workforce Development

SEMI Joins the EU STEAM Executive Panel to Advance Semiconductor Workforce Priorities

"Europe must continue to strengthen its talent pipeline and invest in reskilling and upskilling," said Laith Altimime, President of SEMI Europe.

Technology Trends

Testing Silicon Photonics at Scale

SEMI member Advantest shares how the optical dimension added by silicon photonics is creating a significant shift in test requirements.

Sponsored Content

When It Can't Fail, Choose Greene Tweed

Custom design and manufacturing services for applications where failure isn't an option.

Resource Hub – Sustainability & SCC

Making Renewable Energy Available and Making Better Use of It: The Next Step for Surplus RE in Taiwan

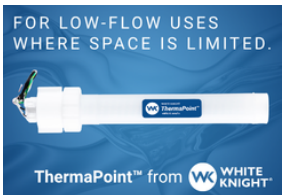

Taiwan is advancing renewable energy matching, certificates and grid readiness to help companies use clean power more efficiently and predictably.

Workforce Development

Comparing the Semiconductor Talent Shortages Across North America, EMEA, and Southeast Asia

SEMI member Stanton Chase provides analysis of industry workforce needs across regions competing for the same talent pool to fuel growth.

Sponsored Content

New From White Knight: Control Process Temperature Where It Matters Most

Powered by Heateflex® technology, ThermaPoint™ provides thermal consistency closer to the process in a compact housing, ideal for small footprints.

SEMI-Related

Semiconductor Engineering: Extreme Environments Push Chips to Their Breaking Point

Orbital data centers, defense systems, quantum computing and advanced manufacturing are raising the bar for simulation, test and lab tools.

Upcoming Events/Webinars

- | | |
|-----------|---|
| Oct 12-14 | SEMI Semiconductor Process Technology Training 2026 (Second Half)
Suwon, South Korea Korean Standard Time |
| Oct 13 | Smart Manufacturing Fireside Chat
Virtual Central European Time |
| Oct 13-15 | SEMICON West 2026
San Francisco, California Pacific Daylight Time |
