SEMI GLOBAL UPDATE

October 27, 2026

What's New at SEMI

Market Intelligence

SEMI Forecasts 11.8% Growth in Silicon Wafer Shipments in 2026, With Record Highs Expected through 2029

Global silicon wafer shipments are projected to increase to 14,420 million square inches (MSI) in 2026 in SEMI's annual silicon shipment forecast.

Exhibitions and Conferences

SEMICON Japan 2026 Marks 50th Edition with Launch of New TechLeadersARENA

"We've reached a critical point in the semiconductor industry where design, fab, advanced packaging …," said Jim Hamajima, President of SEMI Japan.

Exhibitions and Conferences

SEMICON Europa 2026 to Spotlight Advanced Packaging, Fab Management, and Europe's Semiconductor Strategy

"As Europe navigates an increasingly complex geopolitical and technological landscape, advanced…," said Laith Altimime, President of SEMI Europe.

Supply Chain Management

Webinar: Semiconductor Supply Chain Survey Insights – Demand is Back, is Your Supply Chain Ready?

Join SEMI and McKinsey & Co. on November 17 to help prepare your supply chain for 2027 leveraging annual survey results from global suppliers.

Supply Chain Management

New Quarterly Pulse Survey Offers More Frequent Visibility into Supply Chain Risks and Opportunities

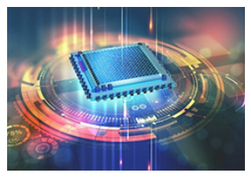

Take the fully anonymized 3-minute survey by November 18 to receive aggregated quarterly results and early signals on shifting supply chain conditions.

Workforce Development

Inside the SEMI Foundation's Sprint to Define Today's Micro-credentials for Semiconductor Manufacturing

Industry and academia are teaming up to create SEMI micro-credentials that validate real-world skills and strengthen semiconductor career pathways.
