Call for Corporate Sponsors

As in the years past, Test Vision will examine where the IC Test industry is heading in the long-term and what test technologies and equipment will get us there. This year's theme is "**Engineering Trust in Silicon**".

Test Vision is now in its 20th year and is a two-time winner of the "Most Successful Event" Award of the IEEE Test Technology Technical Council. The symposium attracts over 300 attendees who are the drivers of test strategy in their respective companies. Sponsorship gets a company's name in front of a highly targeted audience both at the Symposium, and in emails and web pages advertising the event. We offer various sponsorship options:

Three levels of Sponsorship

- Partner $3500
- Associate $2000
- Supporter $1500

Partner Sponsor: In addition to the Associate and Supporter benefits, Partner Sponsors will receive:

- Premier recognition as a Partner Sponsor at the Symposium with most prominent placement on collateral and marketing material
- Company promotional short video (max 90 sec) played once each day
- Special recognition for sponsorship at any Test Vision networking events
- Seat drop of 1 company promotional item on first Symposium Day
- Company logo in Test Vision post event email & LinkedIn post

Associate Sponsors: In addition to the Supporter benefits, Associate Sponsors will receive:

- More prominent logo placement on Symposium materials
- Company promotional short (max 60 sec) video played once during the symposium
- The ability to utilize table space at the Symposium to display or demonstrate products and collateral material from the sponsoring company
- Company logo in Test Vision post event email & LinkedIn post

Supporter Sponsors will receive the following benefits:

- Company logo on Test Vision website and SEMICON West Test Vision webpage
- Company logo on Symposium promotional materials
- Company logo prominently displayed on welcome slides and signs at the Symposium
- Emcee to recognize as sponsor

Name: _____

Company: _____

Address: _____

City: _____ State: _____ Zip: _____
